ITEM NO. 9: APPROVAL TO ENTER INTO MATERIAL RELATED PARTY TRANSACTIONS WITH DREAMSOFT BEDSHEETS PRIVATE LIMITED FOR THE FINANCIAL YEAR 2024-2025

Dreamsoft Bedsheets Private Limited (DBPL) is a Subsidiary of the Company. As part of Raghuvir Group Strategy, the Company is proposing to enter into various transactions with DBPL inter alia including purchase and sale of required goods, rendering and availing of services and other transactions. These transactions, not only help smoothen business operations for both the companies, but also ensures consistent flow of desired quality and quantity of material and services without interruptions. These transactions also help in generating revenue and enhance business operations for each other. These transactions are on arm's length and in the ordinary course of business of the Company.

Pursuant to the provisions of the Regulation 23(4) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, the Company requires prior approval of the Members for all material related party transactions. In terms of these provisions, a related party transaction shall be considered material, if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year, exceeds Rs.1000 Crore or 10% of the Annual Consolidated Turnover of the listed entity as per the last audited financial statements of the listed entity, whichever is lower.

The management has provided the Audit Committee with the relevant details, as required under law, of various proposed RPTs including material terms and basis of pricing. The Audit Committee, after reviewing all necessary information, has granted approval for entering into RPTs with DBPL for an aggregate value

of up to Rs.50 Crores only to be entered during FY 2024-25. The Committee has noted that the said transactions will be on an arms' length basis and in the ordinary course of business of the Company.

Additionally, the SEBI vide its circular dated 8th April, 2022 also clarified that "In order to facilitate listed entities to align their processes to conduct AGMs and obtain omnibus shareholders' approval for material RPTs, it has been decided to specify that the shareholders' approval of omnibus RPTs approved in an AGM shall be valid upto the date of the next AGM for a period not exceeding 15 months and in case of omnibus approvals for material RPTs, obtained from shareholders in General Meetings other than AGMs, the validity of such omnibus approvals shall not exceed one year".

Details of the proposed transactions with DBPL, being a related party of the Company, pursuant to the Rule 15 of the Companies (Meetings of Board and its Powers) Rules, 2014 as amended and the SEBI Circular No. SEBI/HO/CFD/CMD1/CIR/P/2021/662 dated November 22, 2021 and other applicable provisions, if any, are as follows:

		The Company and HYSI have the following common Directors: Mr. Sunil Raghbirprasad Agarwal, Mr. Yash Sunil Agarwal and Mr. Hardik Sunil Agarwal
2.8	Any other information that may be relevant	The proposed material RPTs are envisaged as an enabling approval from the shareholders of the Company.

** SEBI vide its circular dated 8th April, 2022 clarified that shareholders' approval of omnibus material RPTs approved in an AGM shall be valid up to the date of the next AGM for a period not exceeding 15 months.*

On the basis of the review and approval of the Audit Committee and the Board of Directors, the Board of Directors recommend the resolution contained in Item No. 14 of the accompanying Notice to the Members for approval as an **Ordinary Resolution**.

ITEM NO. 15: APPROVAL TO ENTER INTO MATERIAL RELATED PARTY TRANSACTIONS WITH HYS DEVELOPERS LLP BY SUBSIDIARY OF THE COMPANY, DREAMSOFT BEDSHEETS PRIVATE LIMITED, FOR THE FINANCIAL YEAR 2024-2025

Pursuant to the provisions of the Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, the Company requires prior approval of the Members for all material related party transactions to be entered into by it or its Subsidiary. In terms of these provisions, a related party transaction shall be considered material, if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year, exceeds 10% of the Annual Standalone Turnover of the subsidiary as per the last audited financial statements.

In view of above, Dreamsoft Bedsheets Private Limited (DBPL), being a Subsidiary of the Company, requires prior approval of the Shareholders of its Holding Company i.e. Raghuvir Synthetics Limited. Hence, the Board of Directors of the Company is recommending the material related party transactions to be entered by DBPL with HYS Developers LLP (HYSD).

HYSD is a LLP who's Designated Partners are Directors in the Company. As part of Raghuvir Group Strategy, DBPL is proposing to enter into various transactions with HYSD inter alia including purchase and sale of required goods, rendering and availing of services and other transactions. These transactions, not only help smoothen business operations for both the companies, but also ensures consistent flow of desired quality and quantity of material and services without interruptions. These transactions also help in generating revenue and enhance business operations for each other. These transactions are on arm's length and in the ordinary course of business of the Companies.

The management has provided the Audit Committee with the relevant details, as required under law, of various proposed RPTs including material terms and basis of pricing. The Audit Committee, after reviewing all necessary information, has granted approval for entering into RPTs with HYSD by DBPL for an aggregate value of up to Rs.100 Crores only to be entered during FY 2024-25. The Committee has noted that the said transactions will be on an arms' length basis and in the ordinary course of business of the Companies.

Additionally, the SEBI vide its circular dated 8th April, 2022 also clarified that "In order to facilitate listed entities to align their processes to conduct AGMs and obtain omnibus shareholders' approval for material RPTs, it has been decided to specify that the shareholders' approval of omnibus RPTs approved in an AGM shall be valid upto the date of the next AGM for a period not exceeding 15 months and in case of omnibus approvals for material RPTs, obtained from shareholders in General Meetings other than AGMs, the validity of such omnibus approvals shall not exceed one year".

RAGHUVIR SYNTHETICS LIMITED

Annexure-D**MANAGEMENT DISCUSSION AND ANALYSIS****❖ INDIA TEXTILE INDUSTRY OVERVIEW/ INDUSTRY STRUCTURE AND DEVELOPMENTS***

India's textiles sector is one of the oldest industries in the Indian economy, dating back to several centuries. The industry is extremely varied, with hand-spun and hand-woven textiles sectors at one end of the spectrum, while the capital-intensive sophisticated mills sector on the other end. The decentralised power looms/ hosiery and knitting sector forms the largest component in the textiles sector. The close linkage of textiles industry to agriculture (for raw materials such as cotton) and the ancient culture and traditions of the country in terms of textiles makes it unique in comparison to other industries in the country. India's textiles industry has a capacity to produce wide variety of products suitable for different market segments, both within India and across the world. The textiles sector has witnessed a spurt in investment during the last five years.

Exports have been a core feature of India's textile sector. Exports of both man-made textile and readymade garments have seen a major boost. A major factor behind the robustness of India's textile industry is its strong production base with a wide range of fibres and yarns. India is among the top producers of jute and silk, and beyond its natural fibres such as cotton, jute, silk and wool; and synthetic, its manmade fibres such as polyester, viscose, nylon and acrylic have also created a niche for themselves in the market.

❖ OPPORTUNITY*

Indian government has come up with a number of export promotion policies for the textiles sector. It has also allowed 100 per cent FDI in the sector under the automatic route. Union Budget 2020-21, a National Technical Textiles Mission is proposed for a period from 2020-21 to 2023-24 at an estimated outlay of Rs.1,480 crore (US\$ 211.76 million). In Union Budget 2021-22, the announcement on setting up of seven mega textiles parks, will directly impacting the textile industry. With the concept of these mega parks with a plug and play model, Indian textile and apparel sector, particularly SMEs, can work on scale and build competitiveness in manufacturing. The Production Linked Incentive (PLI) scheme for man-made fibres and technical textiles with a total outlay of Rs.10,683 crore will help the textile industry to become globally competitive, attract large investments and boost employment generation. Further, reduction in customs duty on caprolactam, nylon chips and nylon fibre & yarn to 5 per cent is step in the right direction, as it will bring nylon chain on par with polyester and other man-made fibres. Accordingly, the increase in customs duty on cotton from nil to 10 per cent and on raw silk and silk yarn from 10 per cent to 15 per cent will benefit domestic cotton and silk growers. Custom duty policy announced has dual objectives of promoting domestic manufacturing and helping India get on to global value chain and export better as the domestic textile industry will get easy access to raw materials and exports of value-added products, which will make textile industry globally competitive. The Budget allocates Rs.700 crore for Amended Technology Upgradation Scheme (ATUFs) which will help to clear the pending capital subsidy.

* The Company undertakes no obligations to publicly update or revise any of the opinions of statements expressed in this report. Readers are hence cautioned not to place undue reliance on these statements and are advised to conduct their own investigation and analysis of the information contained or referred to this statement before taking any action with regard to specific objectives.

❖ REVIEW AND FUTURE OUTLOOK OF THE COMPANY

The Company is continuously trying to accomplish the desired results. Steps have been taken for cost diminution and manufacturing quality products by various installed machineries of the Company. Various aspects of working conditions of workers, health related issues, minimizing risk of accidents

at work place etc. are being taken care of by the Company. The Company will achieve more turnover by various marketing strategies, offering more quality products, etc. in coming years followed by increase in profit margin by way of various cost cutting techniques and optimum utilization of various resources of the Company. The Company has found export opportunities for the same line of textile products which they were doing job work presently. Till yet the Company was involved in job work but now with the view of export opportunities, the Company taken the lead towards the export in simultaneous with Job Work.

❖ **THREATS/ RISK AND CONCERN**

- 1) Cotton is pre-dominantly used as raw material in textile sector. Consequently, unavailability of raw material or price fluctuations may impact production.

Company's proposed step – Strong and long-term relationships with vendors to help ensure timely availability of raw materials.

- 2) The Company's business may be impacted by introduction of new policies or changes in existing policies.

Company's proposed step – The Company's management team keeps a close eye on policy regulations and formulates company plans appropriately.

- 3) Low-cost imports due to favourable government policies in other countries may pose significant risk to business and impact pricing strategy.

Company's proposed step – The Company's competitive advantage comes from leveraging economies of scale, cutting-edge technology and strategic partnerships with all stakeholders to offer competitive rates globally.

❖ **INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY**

The Company has proper and adequate system of internal control, commensurate with the size and nature of its business. Regular internal audits and checks carried out and also management reviews the internal control system and procedures to ensure orderly and efficient conduct of business and to ensure that all assets are safeguarded and protected against loss from unauthorised use or disposition and that transactions are authorised, recorded and reported correctly. The Company has well defined internal control system. Internal audit in the organization is an independent appraisal activity and it measures the efficiency, adequacy and effectiveness of other controls in the organization. The Audit Committee, comprising Independent Directors, regularly reviews audit plans, significant audit findings, adequacy of internal controls, and compliance with Accounting Standards, among others.

❖ **HUMAN RESOURCES**

The Company believes that its people are its most important asset and thus continuously strives to scale up its employee engagement through well-structured systems and a visionary HR philosophy. The Company continues to lay emphasis on building and sustaining the excellent organization climate based on human performance. Performance management is the key word for the Company. Pursuit of proactive policies for industrial relations has resulted in a peaceful and harmonious situation in the Company. We are highly focused on developing our employees to perform with the same excellence for the challenges and huge business opportunities that are envisaged in future. The Company firmly believes that intellectual capital and human resources is the backbone of the Company's success.

**Annexure-E****CORPORATE GOVERNANCE REPORT****CORPORATE GOVERNANCE**

The principal characteristics of corporate governance are Transparency, Independence, Accountability, Responsibility, Fairness, and Social Responsibility. Corporate Governance pertains to system of blending law, regulations and voluntary practices, which enable the Company to attract financial and human capital, perform efficiently and thereby perpetuate it into generating long-term economic value for its shareholders, while respecting interests of other stakeholders and the society as a whole.

It aims to assure the shareholders that it is “Your Company” and it belongs to you. The Chairman and Board of Directors are your fiduciaries and trustees pushing the business forward in maximizing long term value for its shareholders. This report sets out the compliance status of the Company with the requirements of corporate governance, as set out in pursuant to Regulation 34(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”) for the financial year 2023-2024.

COMPANY’S PHILOSOPHY ON CORPORATE GOVERNANCE

The fundamental approach to corporate governance is to ensure the condition that Board of Directors and Managers act in the interest of the Company. The implementation of good corporate governance leads to increase in the long term value of the shareholders and also in the enhancement of the interest of the other stakeholders. The Company is led by the Chairman and the Managing Director who are responsible for implementing the broad policies and guidelines.

Your Company has followed all the mandatory requirement of Corporate Governance complying with the requirements of the Listing Regulations and applicable provisions of Companies Act, 2013 (“the Act”) and looking forward positively to follow non mandatory provisions. The Company believes that all its operations and actions must serve the underlying goal of enhancing overall shareholder value, over sustained period of time.

1) BOARD OF DIRECTORS

The Board at Raghuvir Synthetics Limited is entrusted with the responsibility of the Management, directions and performance of the Company. The Board’s primary role is fiduciary. The Board provides leadership, strategic guidance, objective and its independent view to the Company’s management while discharging its responsibilities and ensures that the management adheres to ethics, transparency and disclosures. The Board members take an active part at the Board and Committee meetings and provide valuable guidance to the Management on various aspects of the business, governance and compliance. The Board of the Company has a good mix of Executive and Non-Executive Directors.

The Board meets at regular intervals to discuss and decide on business strategies/policies and review the financial performance of the Company. The Board Meetings are pre-scheduled and a tentative annual calendar of the Board Meeting is circulated to the Directors well in advance to facilitate them to plan their schedules accordingly. In case of business exigencies, the Board approval is taken through circular resolutions. The circular resolutions, wherever passed, are noted at the subsequent Board Meeting. The notice and detailed agenda along with the relevant notes and other material information are sent in advance separately to each Director and in exceptional cases tabled at the Meeting with the approval of the Board.

**INDEPENDENT AUDITOR'S REPORT**

To the Members of
RAGHUVIR SYNTHETICS LIMITED

Report on the Audit of the Standalone Ind AS Financial Statements**Opinion**

We have audited the accompanying standalone Ind AS Financial Statements of **RAGHUVIR SYNTHETICS LIMITED** ("the Company"), which comprise the Standalone Balance Sheet as at 31st March 2024, and the Standalone Statement of Profit and Loss (Including Other Comprehensive Income), Standalone Statement of Changes in Equity and Standalone Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as Standalone Ind AS Financial Statements).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS"), as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2024, and its Profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

We have determined that there are no key audit matters to communicate in our report.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's report, Business Responsibility Report, Corporate Governance Report and Share Holders Information, but does not include the standalone financial statements and our auditor's report thereon. The other information report is expected to be made available to us after the date of this auditor's report.

- Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.
- When we read the other information report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance to initiate actions applicable in the applicable laws and regulations.

**Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the IND AS and other accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained

up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. Further to our comments in "Annexure A", as required by Section 143(3) of the Act based on our audit, we report, to the extent applicable that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss including Other Comprehensive Income, the Standalone Statement of Changes in Equity and the Standalone Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the

Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”.

- (g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its Director during the year is in accordance with the provisions of Section 197 of the Act.
- (h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements. Refer notes 36 to the financial statements.
 - (ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - (iv)
 - (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the notes to accounts, no funds(which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the notes to accounts, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - (v) The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.
 - (vi) Based on our examination which included test checks, the company has used an accounting software, tally, for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year

RAGHUVIR SYNTHETICS LIMITED

for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 01, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024

**Annexure - B to the Independent Auditors' Report of even date on the Standalone Ind AS Financial Statements of RAGHUVIR SYNTHETICS LIMITED****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting **RAGHUVIR SYNTHETICS LIMITED** ("the Company") as of 31st March 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that

receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**NOTES FORMING PART OF FINANCIAL STATEMENTS****NOTE 1 - COMPANY OVERVIEW:**

Raghuvir Synthetics Limited is a public company limited by shares, domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. The Company operates as Manufacturing of Textile items and Processing of the same. The business of the Company is to offer Exports and Local sale of Made-ups and Processing of fabrics. The registered office of the Company is located at Rakhial Road, Rakhial Ahmedabad – 380023 Gujarat – India. The standalone financial statements for the year ended March 31, 2024 were considered by the Board of Directors and approved for issuance on 28th May, 2024.

NOTE 2 - NEW STANDARDS OR INTERPRETATIONS ISSUED BUT NOT YET EFFECTIVE:

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as amended from time to time. There are no such recently issued standards or amendments to the existing standards for which the impact on the standalone financial statements is required to be disclosed.

NOTE 3 - SUMMARY OF MATERIAL ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION:**3.1 Statement of Compliance**

The standalone financial statements comprising Balance Sheet, Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flow, together with notes for the year ended 31st March, 2024 have been prepared in accordance with Ind AS as per Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of the Companies’ Act, 2013 (“the Act”) and other relevant provisions of the Act.

3.2 Basis of Preparation

These standalone financial statements have been prepared in accordance with Indian Accounting Standards (referred to as “Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016, as applicable. Accounting Policies have been consistently applied except where newly issued accounting standard is initially adopted or revision to the existing standards requires a change in the accounting policy hitherto in use. Management evaluates all recently issued or revised accounting standards on an on-going basis.

The standalone financial statements are prepared in INR and all the values are rounded to the nearest Rupees in lacs, except when otherwise indicated.

3.3 Basis of Measurement

The standalone financial statements of the Company have been prepared and presented in accordance with the Generally Accepted Accounting Principles (GAAP) under the historical cost convention on accrual basis of accounting, except for certain Assets and Liabilities as stated below:

- (a) Financial instruments (assets / liabilities) classified as Fair Value through profit or loss or Fair Value through Other Comprehensive Income are measured at Fair Value.
- (b) The defined benefit asset/liability is recognised as the present value of defined benefit obligation less fair value of plan assets.
- (c) Assets held for sale measured at fair value less cost to sales
- (d) Derivative transactions

The above items have been measured at Fair Value and the methods used to measure Fair Values are discussed further in Note 4.13.

3.4 Current / non- current classification

An asset is classified as current if:

- (a) it is expected to be realized or sold or consumed in the Company's normal operating cycle;
- (b) it is held primarily for the purpose of trading;
- (c) it is expected to be realized within twelve months after the reporting period; or
- (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current if:

- (a) it is expected to be settled in normal operating cycle;
- (b) it is held primarily for the purpose of trading;
- (c) it is expected to be settled within twelve months after the reporting period;
- (d) it has no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between acquisition of assets for processing / trading / assembling and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

3.5: Significant accounting judgments, estimates and assumptions

The preparation of standalone financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and contingent liabilities at the date of financial statements, income and expense during the period. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized in the periods in which the estimates are revised and in future periods which are affected.

In the process of applying the Company's accounting policies, management has made the following judgments and estimates, which have the most significant effect on the amounts recognised in the financial statements.

3.5.1 Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This assessment may result in change in the depreciation expense in future periods.

3.5.2 Taxes

Deferred tax assets are recognised for unused tax credits to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised,

based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

3.5.3 Employee Benefits

The cost of defined benefit plans are determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, expected rates of return on assets, future salary increases, mortality rates and future pension increases. Due to the long-term nature of these plans, such estimates are subject to significant uncertainty.

3.5.4 Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions relating to these factors could affect the reported fair value of financial instruments.

3.5.5 Impairment of Property, Plant & Equipment

The value in use calculation requires the directors to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate present value. Where the actual future cash flows are less than expected, an impairment loss which is material in nature is accounted for.

3.5.6 Litigations

The provision is recognized based on the best estimate of the amount desirable to settle the present obligation arising at the reporting period and of the income is recognized in the cases involving high degree of certainty as to realization.

3.5.7 Allowance for uncollectible trade receivables

Provision matrix takes into accounts historical credit loss experience and adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the day of the receivables are due and the rates as given in the provision matrix

3.5.8 Estimation of net realizable value for assets held for sale

Non - current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less cost to sell.

4 Material Accounting Policies

4.1 Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

(a) Financial Assets:

Financial Assets comprises of trade receivables, cash and cash equivalents and other financial assets.

Initial Recognition:

All financial assets which are not recorded at fair value through Profit and Loss are recognized initially at fair value plus transaction costs that are attributable to the acquisition of financial assets. Purchases or sales of financial assets that requires delivery of assets within a period of time frame established by regulation or convention in the market place (regular way

trades) are recognized on the trade date, i.e., the date that the company committed to purchase or sell the asset.

Subsequent Measurement:

(i) Financial assets measured at amortized Cost:

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and where contractual terms of financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at Fair Value through Other Comprehensive Income (FVTOCI):

Financial Assets that are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are subsequently measured at FVTOCI. Fair Value movements in financial assets at FVTOCI are recognized in Other Comprehensive Income.

Equity instruments held for trading are classified as at fair value through profit or loss (FVTPL). For other equity instruments the company classifies the same as FVTOCI. The classification is made on initial recognition and is irrevocable. Fair Value changes on equity instruments at FVTOCI, excluding dividends are recognized in Other Comprehensive Income (OCI).

(iii) Fair Value through Profit or Loss (FVTPL):

Financial Assets are measured at FVTPL if it does not meet the criteria for classification as measured at amortized cost or at FVTOCI. All fair value changes are recognized in the Statement of Profit and Loss.

De-recognition of Financial Assets:

Financial Assets are derecognized when the contractual rights to cash flows from the financial assets expire or the financial asset is transferred and the transfer qualifies for de-recognition. On de-recognition of the financial assets in its entirety, the difference between the carrying amount (measured at the date of de-recognition) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognized in the Statement of Profit and Loss.

(b) Financial Liabilities

Initial Recognition and Measurement

Financial Liabilities are initially recognized at fair value plus any transaction costs, (if any) which are attributable to acquisition of the financial liabilities.

Subsequent Measurement:

Financial Liabilities are classified for subsequent measurement into following categories:

(i) Financial liabilities at Amortized Cost:

The Company is classifying the following under amortized cost:

- Borrowing from Banks
- Borrowing from Others
- Trade Payables
- Other Financial Liabilities

Amortized cost for financial liabilities represents amount at which financial liability is measured at initial recognition minus the principal repayments, plus or minus cumulative amortization using the effective interest method of any differences between the initial amount and maturity amount.

(ii) Financial liabilities at Fair Value through Profit or Loss:

Financial liabilities held for trading are measured at Fair Value through Profit or Loss

De-recognition of Financial Liabilities:

Financial liabilities shall be derecognized when, and only when, it is extinguished i.e. when the obligation specified in the contract is discharged or cancelled or expires.

(c) Offsetting of Financial assets and Financial Liabilities

Financial assets and Financial Liabilities are offset and the net amount is presented in Balance Sheet when, and only when, the Company has legal right to offset the recognized amounts and intends either to settle on the net basis or to realize the assets and liabilities simultaneously.

(d) Reclassification of Financial Assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are categorized as equity instruments at FVTOCI, and financial assets or liabilities that are specifically designated as FVTPL. For financial assets which are debt instruments, a reclassification is made only if there is a change in business model for managing those assets. Changes to the business model are expected to be very infrequent. The management determines the change in a business model as a result of external or internal changes which are significant to the Company's Operations. A Change in business occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively effective from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

(e) Derivative financial instruments

Initial recognition and subsequent measurement

The Company uses derivative financial instruments, such as cross currency swaps and interest rate swaps to hedge interest rate risks. Such derivative financial instruments are initially recognised at fair value through profit or loss (FVTPL) on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivative financial instrument or on settlement of such derivative financial instruments are recognised in statement of profit and loss and are classified as Foreign Exchange (Gain) / Loss except those relating to borrowings, which are separately classified under Finance Cost.

4.2 Property, Plant and Equipment

Property, plant and equipment held for use in the supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated. All repairs and maintenance costs are charged to the income statement during the financial period in which they are incurred.

Properties in the course of construction for supply of services or administrative purpose are

carried at cost, less any recognised impairment loss. Cost includes professional fees and other directly attributable cost and for qualifying assets, borrowing cost capitalized in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of Property Plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives as prescribed under Part C of Schedule II to the Companies Act 2013, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. Depreciation for assets purchased/sold during a period is proportionately charged for the period of use. The Company has estimated the following useful life to provide depreciation on its certain Property, Plant and Equipment assets based on assessment made by expert and management estimate.

Estimated useful lives of the assets are as follows:

Type of Asset	Useful Life
Solar Plant	20 Years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and are recognised net within "other income / other expenses" in the Statement of profit and loss.

4.3 Intangible assets

Intangible Assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in statement of profit and loss when the asset is de-recognised.

4.4 Inventories

Raw Materials, Stock-in-process, Finished Goods are valued at lower of cost or net realizable value. Stores, Colours & Chemicals and Coal are valued at cost. Processed Goods Returned is valued at net realizable value. Cost of stock-in-process and finished goods include materials, labour, manufacturing overhead and other cost incurred in bringing the inventories to their present location.

Items of Colour and Chemicals, Stores and Spares are charged to revenue at the stage of purchase and stock of such items as at the end of the year is accounted at cost.

The stock of scrap / waste materials are valued at estimated net realizable value.

4.5 Impairment
(a) Financial assets (other than at fair value)

The Company assesses at each date of balance sheet, whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the twelve-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly, since initial recognition.

(b) Non-financial assets
Tangible and Intangible assets

Property, Plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is an indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

Reversal of impairment loss

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized directly in other comprehensive income and presented within equity.

4.6 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre tax rates that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A provision for onerous contract is recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with the contract.

Contingent liabilities are not recognised in the standalone financial statements. A contingent asset is neither recognised nor disclosed in the standalone financial statements.

4.7 Revenue Recognition
Revenue:

Revenue from contracts with customers is recognised when control of the goods or services are

transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

The specific recognition criteria described below must also be met before revenue is recognized.

- (i) Sale of Goods Revenue from sale of goods is recognized at the point in time when control of the asset is transferred to the customer, generally on delivery of the goods. The normal credit term is 0 to 180 days upon delivery, usually backed by financial arrangements.
- (ii) Revenue from job work processes are recognized as and when the related jobs are performed, the cost incurred up to reporting date for the in-completed jobs are carried to balance sheet under the head cost on job work in process.
- (iii) The Company accounts for pro forma credits, refunds of duty of customs or excise, or refunds of sales tax/ GST in the year of admission of such claims by the concerned authorities. Benefits in respect of Export Licenses are recognized on accrual basis. Export benefits are accounted for as other operating income in the year of export based on eligibility and when there is no uncertainty on receiving the same
- (iv) Interest Income is recognized on time proportion basis taking into account the amounts outstanding and the rates applicable. Interest income is included under the head "other income" in the Statement of Profit and Loss.

Contract balances:

(a) Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

(b) Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in note (i) Financial instruments – initial recognition and subsequent measurement.

(c) Contract liabilities (Advance from customers)

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities (Advance from customers) are recognised as revenue when the Company performs under the contract.

4.8 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership

of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

The Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

(i) Right-of-use assets

The Company recognises right-of-use assets ("ROU Assets) at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. Refer to the accounting policies in 4.6 Impairment of non-financial assets.

(ii) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. Lease liabilities has been presented under the head "Other Financial Liabilities".

(iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

4.9 Borrowing Costs
Borrowing costs include

- (i) interest expense calculated using the effective interest rate method,
- (ii) finance charges in respect of finance leases, and
- (iii) exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

4.10 Government Grants

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received.

When the grant relates to an asset, it is treated as deferred income and released to the statement of profit and loss over the expected useful lives of the assets concerned. When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to statement of profit and loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset. Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Company with no future related costs are recognised in statement of profit and loss in the period in which they become receivable.

4.11 Employee benefits
(a) Short-term obligations

Liabilities for salaries, including other monetary and non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(b) Post-employment obligations

The Company operates the following post-employment schemes: a) defined contribution plans - provident fund b) defined benefit plans - gratuity plans.

(i) Defined contribution plans

The Company has defined contribution plan for the post-employment benefits namely Provident Fund, Employees Death Linked Insurance and Employee State Insurance

and the contributions towards such funds and schemes are recognised as employee benefits expense and charged to the Statement of Profit and Loss when they are due. The Company does not carry any further obligations with respect to this, apart from contributions made on a monthly basis.

(ii) Defined benefit plans

The Company has defined benefit plan, namely gratuity for eligible employees in accordance with the Payment of Gratuity Act, 1972 the liability for which is determined on the basis of an actuarial valuation (using the Projected Unit Credit method) at the end of each year.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the tenor of the related obligation. The liability or asset recognized in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets.

The service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements) is recognised in the Statement of profit and loss in the line item 'Employee benefits expense'.

Remeasurements of the net defined liability, comprising of actuarial gains and losses, return on plan assets (excluding amounts included in net interest on the net defined benefit liability) and any change in the effect of asset ceiling (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income (OCI) in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Change in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the profit or loss as past service cost.

4.12 Income Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax

(i) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

(ii) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

(iii) Current and deferred tax for the year

Current and deferred tax are recognised in the Statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

4.13 Fair Value Measurement

A number of Company's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair value is the price that would be received on sell of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal market or the most advantageous market must be accessible to the Company.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy based on the lowest level input that is significant to the fair value measurement as a whole. The fair value hierarchy is described as below:

- (a) Level 1 - unadjusted quoted prices in active markets for identical assets and liabilities.
- (b) Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- (c) Level 3 - unobservable inputs for the asset or liability.

For assets and liabilities that are recognized in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and

liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of fair value hierarchy.

Fair values have been determined for measurement and / or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

(a) Investment in equity and debt securities

The fair value is determined by reference to their quoted price at the reporting date. In the absence of quoted price, the fair value of the financial asset is measured using valuation techniques.

(b) Trade and other receivables

The fair value of trade and other receivables, is estimated as the present value of future cash flows, discounted at the market rate of interest at the reporting date. However in respect of such financial instruments, fair value generally approximates the carrying amount due to short term nature of such assets.

(c) Non derivative financial liabilities

Fair Value, which is determined for disclosure purposes, is calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the reporting date. For finance leases, the market rate of interest is determined by reference to similar lease agreements.

NOTE 37.2 - DEFINED BENEFIT PLAN:**(a) Gratuity**

The Company offers gratuity plan for its qualified employees which is payable as per the requirements of Payment of Gratuity Act, 1972. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

(b) Defined Benefit Plan

The principal assumptions used for the purposes of the actuarial valuations were as follows.

Gratuity:

Particulars	Valuation at	
	As at March 31, 2024	As at March 31, 2023
Discount rate	7.15%	7.30%
Expected rate(s) of salary increase	5.00%	5.00%

The following table sets out the status of the amounts recognized in the balance sheet & movements in the net defined benefit obligation as at 31st March, 2024.

(c) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumption is:

Gratuity:

Impact on defined benefit obligation								
Particulars	Change in Assumption			Increase in Assumptions			Decrease in Assumptions	
	March 31, 2024	March 31, 2023		March 31, 2024	March 31, 2023		March 31, 2024	March 31, 2023
Discount rate	0.50%	0.50%	Increased by	-0.96%	-0.92%	Decreased by	1.00%	0.95%
Salary growth rate	0.50%	0.50%	Increased by	1.02%	0.97%	Decreased by	-0.98%	-0.94%

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined obligation calculated with the projected unit credit method at the end of reporting period) has been applied as when calculating the defined benefit liability recognized in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior year.

Fair value hierarchy:

The following section explains the judgments and estimates made in determining the fair values of the financial instruments that are recognized and measured at fair value through profit or loss. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial investments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Notes forming part of the financial statements

NOTE 41 - DISCLOSURE ON FINANCIAL INSTRUMENTS: (CONTD.....)

B. Fair value hierarchy for assets:

Financial assets measured at fair value at March 31, 2024 [₹ in Lakhs]

Particulars	Level 1	Level 2	Level 3	Total
Financial Assets				
- Investments	147.52	–	–	147.52

Financial assets measured at fair value at March 31, 2023: [Rs. in Lacs]

Particulars	Level 1	Level 2	Level 3	Total
Financial Assets				
- Investments	103.12	–	–	103.12

Notes:

Level 1 hierarchy includes financial instruments measured using quoted prices (unadjusted) in active market for identical assets that the entity can access at the measurement date. This represents mutual funds that have price quoted by the respective mutual fund houses and are valued using the closing Net asset value (NAV).

Level 2 hierarchy includes the fair value of financial instruments measured using quoted prices for identical or similar assets in markets that are not active.

Level 3 if one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted compound instruments.

There are no transfers between any of these levels during the year. The Company’s policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

C. Fair value of financial assets and liabilities measured at amortized cost:

The Management has assessed that fair value of loans, trade receivables, cash and cash equivalents, other bank balances, other financial assets and trade payables approximate their carrying amounts largely due to their short-term nature. Difference between carrying amount of Bank deposits, other financial assets , borrowings and other financial liabilities subsequently measured at amortised cost is not significant in each of the years presented.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

D. Derivative Financial Instrument

The Company takes various types of derivative instruments. The category-wise outstanding position of derivative instruments is as under:-

[₹ in Lakhs]

Nature	Particulars of Derivative		Purpose
	As at 31st March, 2024	As at 31st March, 2023	
INR - Foreign Currency Swap	Nil	3.93 USD	Hedging of equivalent INR borrowing to mitigate higher interest rate of INR borrowings as against the foreign currency loans with possible risk of principal currency losses

**Notes forming part of the financial statements****NOTE 42 - FINANCIAL RISK MANAGEMENT:**

The Company's risk management policies are established to identify and analyses the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk..

Risk	Exposure arising from	Measurement	Management of risk
Credit risk	Cash and cash equivalents, trade receivables, Financial assets measured at amortized cost.	Aging analysis	Diversification of funds to bank deposits, Liquid funds and Regular monitoring of credit limits.
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of surplus cash, committed credit lines and borrowing facilities
Market risk – foreign exchange	Recognized financial assets and liabilities not denominated in Indian rupee (Rs.)	Cash flow forecasting Sensitivity analysis	Regular monitoring to keep the net exposure at an acceptable level, with option of taking Forward Foreign exchange contracts if deemed necessary.

(a) Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The company is exposed to the credit risk from its trade receivables, unbilled revenue, investments, cash and cash equivalents, bank deposits and other financial assets. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets.

Allowance for Doubtful Debts

The company has provided allowance for doubtful debts based on specific amount of particular customer. Movement in allowance for doubtful debt are as follows:

Particulars	As at March 31, 2024	As at March 31, 2023
Balance as per last financial year	–	1.99
Add: Allowance for the year	6.82	–
Less: Write off of bad debts and other adjustment (net of recovery)	–	(1.99)
Balance at the end of the year	6.82	–

Cash and Cash Equivalents:

Credit risk on cash and cash equivalents and other deposits with banks is limited as the Company generally invests in deposits with banks with high credit ratings assigned by external credit rating agencies; accordingly the Company considers that the related credit risk is low. Impairment on these items is measured on the 12-month expected credit loss basis.

NOTE 42 - FINANCIAL RISK MANAGEMENT: (CONTD.....)

(b) Liquidity risk:

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company's treasury maintains flexibility in funding by maintaining liquidity through investments in liquid funds and other committed credit lines. Management monitors rolling forecasts of the group's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows.

(c) Market Risk:

Market risk is the risk arising from changes in market prices – such as foreign exchange rates and interest rates – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of the investments. Thus, the exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currency.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates and investments.

Most of the Company's borrowings are on a floating rate of interest. The Company has exposure to interest rate risk, arising principally on changes in Repo Rate (except for vehicle loan and GECL loan). The Company uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations from internal accruals.

The exposures of the Company's financial assets / liabilities at the end of the reporting period are as follows:

[₹ in Lakhs]

Particulars	As at March 31, 2024	As at March 31, 2023
Floating rate borrowings	3063.97	3197.40
	3063.97	3197.40

Interest rate risk sensitivity:

The below mentioned sensitivity analysis is based on the exposure to interest rates for floating rate borrowings. For this it is assumed that the amount of the floating rate liability outstanding at the end of the reporting period was outstanding for the whole year. If interest rate had been 50 basis points higher or lower, other variables being held constant, following is the impact on profit.

[Rs in Lacs]

Particulars	As at March 31, 2024	As at March 31, 2023
Impact on profit – increase in 50 basis points	15.34	15.99
Impact on profit – decrease in 50 basis points	(15.34)	(15.99)

**INDEPENDENT AUDITOR'S REPORT**

To the Members of
RAGHUVIR SYNTHETICS LIMITED

Report on the Audit of the Consolidated Ind AS Financial Statements**Opinion**

We have audited the accompanying consolidated Financial Statements of **RAGHUVIR SYNTHETICS LIMITED** (hereinafter referred to as "the Holding Company") and its subsidiary (Holding Company and its subsidiary together referred to as "the Group"), which comprise the consolidated balance sheet as at 31st March 2024, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of Material accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2024, of its consolidated Profit and other comprehensive Income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

We have determined that there are no key audit matters to communicate in our report.

Other Information

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's Annual Report, but does not include the financial statements and our auditor's report thereon. The Holding Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Holding Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

**Management's Responsibility for the Financial Statements**

The Holding Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/ loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each Company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of each Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are responsible for overseeing the financial reporting process of each Company.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events

or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the consolidated financial statements. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other Companies included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report that, to the extent applicable

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

**Annexure - A to the Independent Auditors' Report of even date on the Consolidated Ind AS Financial Statements of RAGHUVIR SYNTHETICS LIMITED****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

In conjunction with our audit of the Consolidated Financial Statements of the Company as of and for the year ended 31st March, 2024, we have audited the internal financial controls over financial reporting of **RAGHUVIR SYNTHETICS LIMITED** ("hereinafter referred to as "Holding"), its subsidiary, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding, its Subsidiary which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on internal financial controls over financial reporting of the Holding, its subsidiary, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained in the case of subsidiary which is company incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding, its subsidiary incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS****NOTE 1 - GROUP INFORMATION:**

The Consolidated financial statements comprises of the financial statements of Raghuvir Synthetics Limited (the Holding Company) its subsidiary (collectively referred to as 'the Group'). The Consolidated Financial Statements have been prepared in accordance with the Indian Accounting Standard (Ind AS) 110 "Consolidated Financial Statements".

The consolidated financial statements as at 31st March 2024 present the financial position of the Group.

The consolidated financial statements for the year ended 31st March 2024 were approved by the Board of Directors of the holding company and authorized for issue on 28th May, 2024.

NOTE 2 - BASIS OF PREPARATION:

These Consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) as amended from time to time, also add reference of Ind AS Amendment Rules, 2018 as applicable. Accounting Policies have been consistently applied except where newly issued accounting standard is initially adopted or revision to the existing standards requires a change in the accounting policy hitherto in use. Management evaluates all recently issued or revised accounting standards on an on-going basis.

2.1 Statement of Compliance

The Consolidated financial statements comprising Balance Sheet, Statement of Profit and Loss, Statement of Changes in Equity and Cash Flow Statement, together with notes for the year ended 31st March, 2024 have been prepared in accordance with Ind AS as notified under section 133 of the Companies' Act, 2013 ("the Act") duly approved by the Board of Directors.

2.2 Basis of Measurement

The Ind AS Consolidated financial statements of the Group have been prepared and presented in accordance with the Generally Accepted Accounting Principles (GAAP) under the historical cost convention on accrual basis of accounting, except for certain Assets and Liabilities as stated below:

- (a) Financial instruments (assets / liabilities) classified as Fair Value through profit or loss or Fair Value through Other Comprehensive Income are measured at Fair Value.
- (b) The defined benefit asset/liability is recognised as the present value of defined benefit obligation less fair value of plan assets.

The above items have been measured at Fair Value and the methods used to measure Fair Values are discussed further in Note 4.1.

2.3 Functional and Presentation Currency

Items included in the Consolidated financial statements of the Group are measured using the currency of the primary economic environment in which the Group operates ("the functional currency"). Indian Rupee is the functional currency of the Group.

The consolidated financial statements are presented in Indian Rupees (₹) and all values are rounded to the nearest lakhs as per the requirement of Schedule III, except when otherwise indicated.

2.4 Basis of Preparation of Consolidated Financial Statements**Principles of consolidation**

- (i) The Consolidated financial statements comprise the financial statements of Raghuvir Synthetics

Ltd. and its subsidiary. Subsidiary is entity over which the Holding Company has control. The Holding Company controls an entity when the Holding Company is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Consolidation of an entity begins when the Holding Company obtains control over the entity and ceases when Holding Company loses control of the entity. Specifically, income and expenses of an entity acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the Holding Company gains control or until the date when the Group ceases to control the entity, respectively.

- (ii) Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate material adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies. The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the Holding company, i.e., year ended on 31st March 2024.
- (iii) Investments in associate entities have been accounted for, by using equity method whereby investment is initially recorded at cost and the carrying amount is adjusted thereafter for post-acquisition change in the Group's share of net assets of the associate. The carrying amount of investment in associate entities is reduced to recognize any decline which is other than temporary in nature and such determination of decline in value, if any, is made for each investment individually. The unrealized profits/losses on transactions with associate entities are eliminated by reducing the carrying amount of investment.
- (iv) Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of Profit and Loss, consolidated statement of Changes in Equity and consolidated Balance Sheet respectively.
- (v) Non-Controlling Interest's share of profit / loss of consolidated subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the Holding Company.
- (vi) The Difference between the cost of investment in the subsidiaries and the share of net assets at the time of acquisition of shares in the subsidiary is identified and recognized in the consolidated financial statements as Goodwill or Capital reserve as the case may be.
- (vii) The Difference between the cost of investment in the associates and the share of net assets at the time of acquisition of shares in the associate is identified in the consolidated financial statements as Goodwill or Capital reserve as the case may be. Further, Goodwill arising on acquisition of associates continues to be part of Investment and Capital Reserves to be recognized as Capital reserves and disclosed under head "Other Equity"

Consolidation procedure

- (i) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the Holding with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- (ii) Offset (eliminate) the carrying amount of the Holding 's investment in each subsidiary and the Holding 's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.

- (iii) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognized in assets, such as inventory and Property Plant and Equipments, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.
- (iv) A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:
 - (a) Derecognises the assets (including goodwill) and liabilities of the subsidiary;
 - (b) Derecognises the carrying amount of any non-controlling interests;
 - (c) Derecognises the cumulative translation differences recorded in equity;
 - (d) Recognises the fair value of any investment retained;
 - (e) Recognises any surplus or deficit in profit or loss, and
 - (f) Reclassifies the Holding 's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.
- (v) The notes and the significant accounting policies to the consolidated financial statements are intended to serve as a guide for better understanding of the group's position. In this respect, the Group has disclosed such notes and policies, which represent the needed disclosures.

C. Group Information

The list of subsidiaries in the Consolidated Financial Statement are as under:

Name of the Enterprise	Country of Incorporation	2023-24
Subsidiary : Dreamsoft India Private Limited	India	51%

2.5 Current / non- current classification

An asset is classified as current if:

- (a) it is expected to be realized or sold or consumed in the Group's normal operating cycle;
- (b) it is held primarily for the purpose of trading;
- (c) it is expected to be realized within twelve months after the reporting period; or
- (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current if:

- (a) it is expected to be settled in normal operating cycle;
- (b) it is held primarily for the purpose of trading;
- (c) it is expected to be settled within twelve months after the reporting period;
- (d) it has no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between acquisition of assets for processing / trading / assembling and their realization in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

3 Significant accounting judgments, estimates and assumptions

The preparation of Consolidated financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and contingent liabilities at the date of Standalone financial statements, income and expense during the period. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized in the periods in which the estimates are revised and in future periods which are affected.

In the process of applying the Group's accounting policies, management has made the following judgments and estimates, which have the most significant effect on the amounts recognised in the Standalone financial statements.

3.1 Impairment of investments in subsidiary

The Group reviews its carrying value of investments at cost, annually, or more frequently when there is an indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

3.2 Useful lives of property, plant and equipment

The Group reviews the useful life of property, plant and equipment at the end of each reporting period. This assessment may result in change in the depreciation expense in future periods.

3.3 Taxes

Deferred tax assets are recognised for unused tax credits to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

3.4 Employee Benefits

The cost of defined benefit plans are determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, expected rates of return on assets, future salary increases, mortality rates and future pension increases. Due to the long-term nature of these plans, such estimates are subject to significant uncertainty.

3.5 Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions relating to these factors could affect the reported fair value of financial instruments.

3.6 Impairment of Property, Plant & Equipment

The value in use calculation requires the directors to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate present value. Where the actual future cash flows are less than expected, an impairment loss which is material in nature is accounted for.

3.7 Litigations

The provision is recognized based on the best estimate of the amount desirable to settle the present obligation arising at the reporting period and of the income is recognized in the cases involving high degree of certainty as to realization.

3.8 Allowance for uncollectible trade receivables

Provision matrix takes into accounts historical credit loss experience and adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the day of the receivables ar edue and the rates as given in the provision matrix

3.9 Estimation of net realizable value for assets held for sale

Non - current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less cost to sell.

4 Material Accounting Policies
4.1 Financial Instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments.

(a) Financial Assets

Financial Assets comprises of trade receivables, cash and cash equivalents and other financial assets.

Initial Recognition:

All financial assets which are not recorded at fair value through Profit and Loss are recognized initially at fair value plus transaction costs that are attributable to the acquisition of financial assets. Purchases or sales of financial assets that requires delivery of assets within a period of time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Group committed to purchase or sell the asset.

Subsequent Measurement:
(i) Financial assets measured at amortized Cost:

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and where contractual terms of financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at Fair Value through Other Comprehensive Income (FVTOCI):

Financial Assets that are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are subsequently measured at FVTOCI. Fair Value movements in financial assets at FVTOCI are recognized in Other Comprehensive Income.

Equity instruments held for trading are classified as at fair value through profit or loss (FVTPL). For other equity instruments the Group classifies the same as FVTOCI. The classification is made on initial recognition and is irrevocable. Fair Value changes on equity instruments at FVTOCI, excluding dividends are recognized in Other Comprehensive Income (OCI).

(iii) Fair Value through Profit or Loss (FVTPL):

Financial Assets are measured at FVTPL if it does not meet the criteria for classification as measured at amortized cost or at FVTOCI. All fair value changes are recognized in the Statement of Profit and Loss.

De-recognition of Financial Assets:

Financial Assets are derecognized when the contractual rights to cash flows from the financial assets expire or the financial asset is transferred and the transfer qualifies for de-recognition. On de-recognition of the financial assets in its entirety, the difference between the carrying amount (measured at the date of de-recognition) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognized in the Statement of Profit and Loss.

(b) Financial Liabilities

Initial Recognition and Measurement

Financial Liabilities are initially recognized at fair value plus any transaction costs, (if any) which are attributable to acquisition of the financial liabilities.

Subsequent Measurement:

Financial Liabilities are classified for subsequent measurement into following categories:

(i) Financial liabilities at Amortized Cost:

The Group is classifying the following under amortized cost:

- Borrowing from Banks
- Borrowing from Others
- Trade Payables
- Other Financial Liabilities

Amortized cost for financial liabilities represents amount at which financial liability is measured at initial recognition minus the principal repayments, plus or minus cumulative amortization using the effective interest method of any differences between the initial amount and maturity amount.

(ii) Financial liabilities at Fair Value through Profit or Loss:

Financial liabilities held for trading are measured at Fair Value through Profit or Loss

De-recognition of Financial Liabilities:

Financial liabilities shall be derecognized when, and only when, it is extinguished i.e. when the obligation specified in the contract is discharged or cancelled or expires.

(c) Offsetting of Financial assets and Financial Liabilities

Financial assets and Financial Liabilities are offset and the net amount is presented in Balance Sheet when, and only when, the Group has legal right to offset the recognized amounts and intends either to settle on the net basis or to realize the assets and liabilities simultaneously.

(d) Reclassification of Financial Assets

The Group determines classification of financial assets and liabilities on initial recognition.

After initial recognition, no reclassification is made for financial assets which are categorized as equity instruments at FVTOCI, and financial assets or liabilities that are specifically designated as FVTPL. For financial assets which are debt instruments, a reclassification is made only if there is a change in business model for managing those assets. Changes to the business model are expected to be very infrequent. The management determines the change in a business model as a result of external or internal changes which are significant to the Group's Operations. A Change in business occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If the Group reclassifies financial assets, it applies the reclassification prospectively effective from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

(e) Derivative financial instruments

Initial recognition and subsequent measurement

The Group uses derivative financial instruments, such as cross currency swaps and interest rate swaps to hedge interest rate risks. Such derivative financial instruments are initially recognised at fair value through profit or loss (FVTPL) on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivative financial instrument or on settlement of such derivative financial instruments are recognised in statement of profit and loss and are classified as Foreign Exchange (Gain) / Loss except those relating to borrowings, which are separately classified under Finance Cost.

4.2 Property, Plant and Equipment

Property, plant and equipment held for use in the supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated. All repairs and maintenance costs are charged to the income statement during the financial period in which they are incurred.

Properties in the course of construction for supply of services or administrative purpose are carried at cost, less any recognised impairment loss. Cost includes professional fees and other directly attributable cost and for qualifying assets, borrowing cost capitalized in accordance with the Group's accounting policy. Such properties are classified to the appropriate categories of Property Plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives as prescribed under Part C of Schedule II to the Companies Act 2013, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. Depreciation for assets purchased/sold during a period is proportionately charged for the period of use.

Estimated useful lives of the assets are as follows:

Type of Asset	Useful Life
Solar Plant	20 Years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and are recognised net within “other income / other expenses” in the Statement of profit and loss.

4.3 Inventories

Raw Materials, Stock-in-process, Finished Goods are valued at lower of cost or net realizable value. Stores, Colours & Chemicals and Coal are valued at cost. Processed Goods Returned is valued at net realizable value. Cost of stock-in-process and finished goods include materials, labour, manufacturing overhead and other cost incurred in bringing the inventories to their present location.

Items of Colour and Chemicals, Stores and Spares are charged to revenue at the stage of purchase and stock of such items as at the end of the year is accounted at cost.

The stock of scrap / waste materials are valued at estimated net realizable value.

4.4 Impairment

(a) Financial assets (other than at fair value)

The Group assesses at each date of balance sheet, whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Group recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the twelve-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly, since initial recognition.

(b) Non-financial assets

Tangible and Intangible assets

Property, Plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is an indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

Reversal of impairment loss

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized directly in other comprehensive income and presented within equity.

4.5 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized if, as a result of a past event, the Group has a present legal or

constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre tax rates that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A provision for onerous contract is recognized when the expected benefits to be derived by the Group from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Group recognizes any impairment loss on the assets associated with the contract.

Contingent liabilities are not recognised in the financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.

4.6 Revenue Recognition

Revenue:

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The Group has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

The specific recognition criteria described below must also be met before revenue is recognized.

- (i) Sale of Goods Revenue from sale of goods is recognized at the point in time when control of the asset is transferred to the customer, generally on delivery of the goods. The normal credit term is 0 to 180 days upon delivery, usually backed by financial arrangements.
- (ii) Revenue from job work processes are recognized as and when the related jobs are performed, the cost incurred up to reporting date for the in-completed jobs are carried to balance sheet under the head cost on job work in process.
- (iii) The Group accounts for pro forma credits, refunds of duty of customs or excise, or refunds of sales tax/ GST in the year of admission of such claims by the concerned authorities. Benefits in respect of Export Licenses are recognized on accrual basis. Export benefits are accounted for as other operating income in the year of export based on eligibility and when there is no uncertainty on receiving the same
- (iv) Interest Income is recognized on time proportion basis taking into account the amounts outstanding and the rates applicable. Interest income is included under the head "other income" in the Statement of Profit and Loss.

Contract balances:

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade receivables

A receivable represents the Group's right to an amount of consideration that is unconditional (i.e.,

only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in note (i) Financial instruments – initial recognition and subsequent measurement.

Contract liabilities (Advance from customers)

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities (Advance from customers) are recognised as revenue when the Group performs under the contract.

4.7 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Group to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

The Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

(i) Right-of-use assets

The Group recognises right-of-use assets ("ROU Assets) at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. Refer to the accounting policies in 4.6 Impairment of non-financial assets.

(ii) Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments

include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. Lease liabilities has been presented under the head “Other Financial Liabilities”.

(iii) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

4.8 Borrowing Costs

Borrowing costs include

- (i) interest expense calculated using the effective interest rate method,
- (ii) finance charges in respect of finance leases, and
- (iii) exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

4.9 Government Grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

When the grant relates to an asset, it is treated as deferred income and released to the statement of profit and loss over the expected useful lives of the assets concerned. When the Group receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to statement of profit and loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset. Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in statement of profit and loss in the period in which they become receivable.

4.10 Employee benefits
(a) Short-term obligations

Liabilities for salaries, including other monetary and non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(b) Post-employment obligations

The Group operates the following post-employment schemes: a) defined contribution plans - provident fund b) defined benefit plans - gratuity plans.

(i) Defined contribution plans

The Group has defined contribution plan for the post-employment benefits namely Provident Fund, Employees Death Linked Insurance and Employee State Insurance and the contributions towards such funds and schemes are recognised as employee benefits expense and charged to the Statement of Profit and Loss when they are due. The Group does not carry any further obligations with respect to this, apart from contributions made on a monthly basis.

(ii) Defined benefit plans

The Group has defined benefit plan, namely gratuity for eligible employees in accordance with the Payment of Gratuity Act, 1972 the liability for which is determined on the basis of an actuarial valuation (using the Projected Unit Credit method) at the end of each year.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the tenor of the related obligation. The liability or asset recognized in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets.

The service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements) is recognised in the Statement of profit and loss in the line item 'Employee benefits expense'.

Remeasurements of the net defined liability, comprising of actuarial gains and losses, return on plan assets (excluding amounts included in net interest on the net defined benefit liability) and any change in the effect of asset ceiling (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income (OCI) in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Change in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the profit or loss as past service cost.

4.11 Income Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax

(i) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from

'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

(ii) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

(iii) Current and deferred tax for the year

Current and deferred tax are recognised in the Statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

4.12 Fair Value Measurement

A number of Company's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair value is the price that would be received on sell of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal market or the most advantageous market must be accessible to the Group.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy based on the lowest level input that is significant to the fair value measurement as a whole. The fair value hierarchy is described as below:

- (a) **Level 1** - unadjusted quoted prices in active markets for identical assets and liabilities.
- (b) **Level 2** - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- (c) **Level 3** - unobservable inputs for the asset or liability.

For assets and liabilities that are recognized in the financial statements at fair value on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of fair value hierarchy.

Fair values have been determined for measurement and / or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

(a) Investment in equity and debt securities

The fair value is determined by reference to their quoted price at the reporting date. In the absence of quoted price, the fair value of the financial asset is measured using valuation techniques.

(b) Trade and other receivables

The fair value of trade and other receivables, is estimated as the present value of future cash flows, discounted at the market rate of interest at the reporting date. However in respect of such financial instruments, fair value generally approximates the carrying amount due to short term nature of such assets.

(c) Non derivative financial liabilities

Fair Value, which is determined for disclosure purposes, is calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the reporting date. For finance leases, the market rate of interest is determined by reference to similar lease agreements.

(c) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumption is:

Gratuity:

Impact on defined benefit obligation								
Particulars	Change in Assumption			Increase in Assumptions			Decrease in Assumptions	
	March 31, 2024	March 31, 2023		March 31, 2024	March 31, 2023		March 31, 2024	March 31, 2023
Discount rate	0.50%	0.50%	Increased by	-0.96%	-0.92%	Decreased by	1.00%	0.95%
Salary growth rate	0.50%	0.50%	Increased by	1.02%	0.97%		-0.98%	-0.94%

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined obligation calculated with the projected unit credit method at the end of reporting period) has been applied as when calculating the defined benefit liability recognized in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior year.

Fair value hierarchy:

The following section explains the judgments and estimates made in determining the fair values of the financial instruments that are recognized and measured at fair value through profit or loss. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial investments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Notes forming part of the Consolidated financial statements

NOTE 42 - DISCLOSURE ON FINANCIAL INSTRUMENTS: (CONTD.....)

B. Fair value hierarchy for assets:

Financial assets measured at fair value at March 31, 2024: [₹ in Lakhs]

Particulars	Level 1	Level 2	Level 3	Total
Financial Assets				
- Investments	147.52	-	-	147.52

Financial assets measured at fair value at March 31, 2023: [₹ in Lakhs]

Particulars	Level 1	Level 2	Level 3	Total
Financial Assets				
- Investments	103.12	-	-	103.12

Notes:

Level 1 hierarchy includes financial instruments measured using quoted prices (unadjusted) in active market for identical assets that the entity can access at the measurement date. This represents mutual funds that have price quoted by the respective mutual fund houses and are valued using the closing Net asset value (NAV).

Level 2 hierarchy includes the fair value of financial instruments measured using quoted prices for identical or similar assets in markets that are not active.

Level 3 if one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted compound instruments.

There are no transfers between any of these levels during the year. The Group's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

C. Fair value of financial assets and liabilities measured at amortized cost:

The Management has assessed that fair value of loans, trade receivables, cash and cash equivalents, other bank balances, other financial assets and trade payables approximate their carrying amounts largely due to their short-term nature. Difference between carrying amount of Bank deposits, other financial assets, borrowings and other financial liabilities subsequently measured at amortised cost is not significant in each of the years presented.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

D. Derivative Financial Instrument

The Company takes various types of derivative instruments. The category-wise outstanding position of derivative instruments is as under:-

[₹ in Lakhs]

Nature	Particulars of Derivative		Purpose
	As at 31st March, 2024	As at 31st March, 2023	
INR - Foreign Currency Swap	NIL	3.93 USD	Hedging of equivalent INR borrowing to mitigate higher interest rate of INR borrowings as against the foreign currency loans with possible risk of principal currency losses

NOTE 43 - FINANCIAL RISK MANAGEMENT:

The Group’s risk management policies are established to identify and analyses the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group’s activities. The Group, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the Group’s risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

Risk	Exposure arising from	Measurement	Management of risk
Credit risk	Cash and cash equivalents, trade receivables, Financial assets measured at amortized cost.	Aging analysis	Diversification of funds to bank deposits, Liquid funds and Regular monitoring of credit limits.
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of surplus cash, committed credit lines and borrowing facilities
Market risk – foreign exchange	Recognized financial assets and liabilities not denominated in Indian rupee (Rs.)	Cash flow forecasting Sensitivity analysis	Regular monitoring to keep the net exposure at an acceptable level, with option of taking Forward Foreign exchange contracts if deemed necessary.

(a) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group is exposed to the credit risk from its trade receivables, unbilled revenue, investments, cash and cash equivalents, bank deposits and other financial assets. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets.

Allowance for Doubtful Debts

The Group has provided allowance for doubtful debts based on lifetime expected credit loss model using provision matrix. Movement in allowance for doubtful debt are as follows:

Particulars	As at March 31, 2024	As at March 31, 2023
Balance as per last financial year	–	1.99
Add: Allowance for the year	6.82	–
Less: Write off of bad debts and other adjustment (net of recovery)	–	(1.99)
Balance at the end of the year	6.82	–

Cash and Cash Equivalents:

Credit risk on cash and cash equivalents and other deposits with banks is limited as the Group generally invests in deposits with banks with high credit ratings assigned by external credit rating agencies; accordingly the Group considers that the related credit risk is low. Impairment on these items is measured on the 12-month expected credit loss basis.

Notes forming part of the Consolidated financial statements

NOTE 43 - FINANCIAL RISK MANAGEMENT: (CONTD.....)

(b) Liquidity risk:

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group’s approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group’s reputation.

The Group’s treasury maintains flexibility in funding by maintaining liquidity through investments in liquid funds and other committed credit lines. Management monitors rolling forecasts of the group’s liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows.

Financing arrangements:

The working capital position of the Company is given below:

(c) Market Risk:

Market risk is the risk arising from changes in market prices – such as foreign exchange rates and interest rates – will affect the Group's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. The Group is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of the investments. Thus, the exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currency.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's debt obligations with floating interest rates and investments.

Most of the Group's borrowings are on a floating rate of interest. The Group has exposure to interest rate risk, arising principally on changes in Repo Rate (except for vehicle loan and GECL loan). The Group uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations from internal accruals.

The exposures of the Group's financial assets / liabilities at the end of the reporting period are as follows:

[₹ in Lakhs]

Particulars	As at March 31, 2024	As at March 31, 2023
Floating rate borrowings	3,063.99	3197.40
	3,063.99	3197.40

Interest rate risk sensitivity:

The below mentioned sensitivity analysis is based on the exposure to interest rates for floating rate borrowings. For this it is assumed that the amount of the floating rate liability outstanding at the end of the reporting period was outstanding for the whole year. If interest rate had been 50 basis points higher or lower, other variables being held constant, following is the impact on profit.

[₹ in Lakhs]

Particulars	As at March 31, 2023	As at March 31, 2022
Impact on profit – increase in 50 basis points	15.34	15.99
Impact on profit – decrease in 50 basis points	(15.34)	(15.99)
